Support Team ICT in education and research

Aims

- Facilitate the ICT support for other subject areas
- Solve pedagogical and technical problems
- Get a clear picture of ICT tools being used
- Formulate pedagogical and technical guidelines

Challenges to be met are mainly

- Didactical
- Technical
- Organizational

Present situation

- Overviews and fact sheets about ICT tools available
- ICT infrastructure has improved

Student information system	LMS	Desk-top video	Room based video	E-valuation	Ped. Train.	University
Yes, integrated	Yes	Yes	Yes	Yes Obligatory	Yes	SLU
Yes, integrated	Yes	Yes	Yes	Yes	Yes	UHOH
Yes, integrated	Yes	Yes	Yes	Yes Obligatory	Yes	WUR
Yes, integrated	Yes	Yes National R.N	Yes	Yes	Yes	KVL
Yes	Yes	No	Yes	Yes	Yes	BOKU
Yes, integrated	Yes	No	Yes	Yes	No	CUA
Yes, integrated	Yes	Not yet	Not yet	Yes	No	SGGW

2007 we supported mainly the

- **Insect ecology**
 - Pathogens, parasites, and their hosts supported with LMS
- **Animal Science**
 - **Organic livestock Farming** is supported with LMS
- **Quality Assurance Group**
 - Meetings with PC-based video
- **Task Force**
 - Meetings with PC-based video
- **Safety in the Food Chain**
 - Meetings with PC-based video
- **Horticulture**
 - Teacher and student training how to use PC-based video (Intence Program)
 - Supporting virtual student teams with PC-based video
 - Support for final meeting using room based VC
- **Environmental Science Group**
 - EnvEuro Master
 - Teacher and student training in LMS and pedagogical support for the teachers (Workshop plus during the course)
 - Environmental project EFEES summer school
 - Integrated Watershed Management
 - (LMS, Room based Videoconference)

Workplan 2008

- In principle the same activities as in 2007 are planned, as all of them need further elaboration plus also the new ECSE 2008 (*Environmental Case Studies in Europe*) (*Environmental Science Group*)
- We also plan to give two workshops for the SA coordinators during the spring

Thank you!
